

# Vilja

Stockholm 2021-02-08

vilja.

# Our company in short

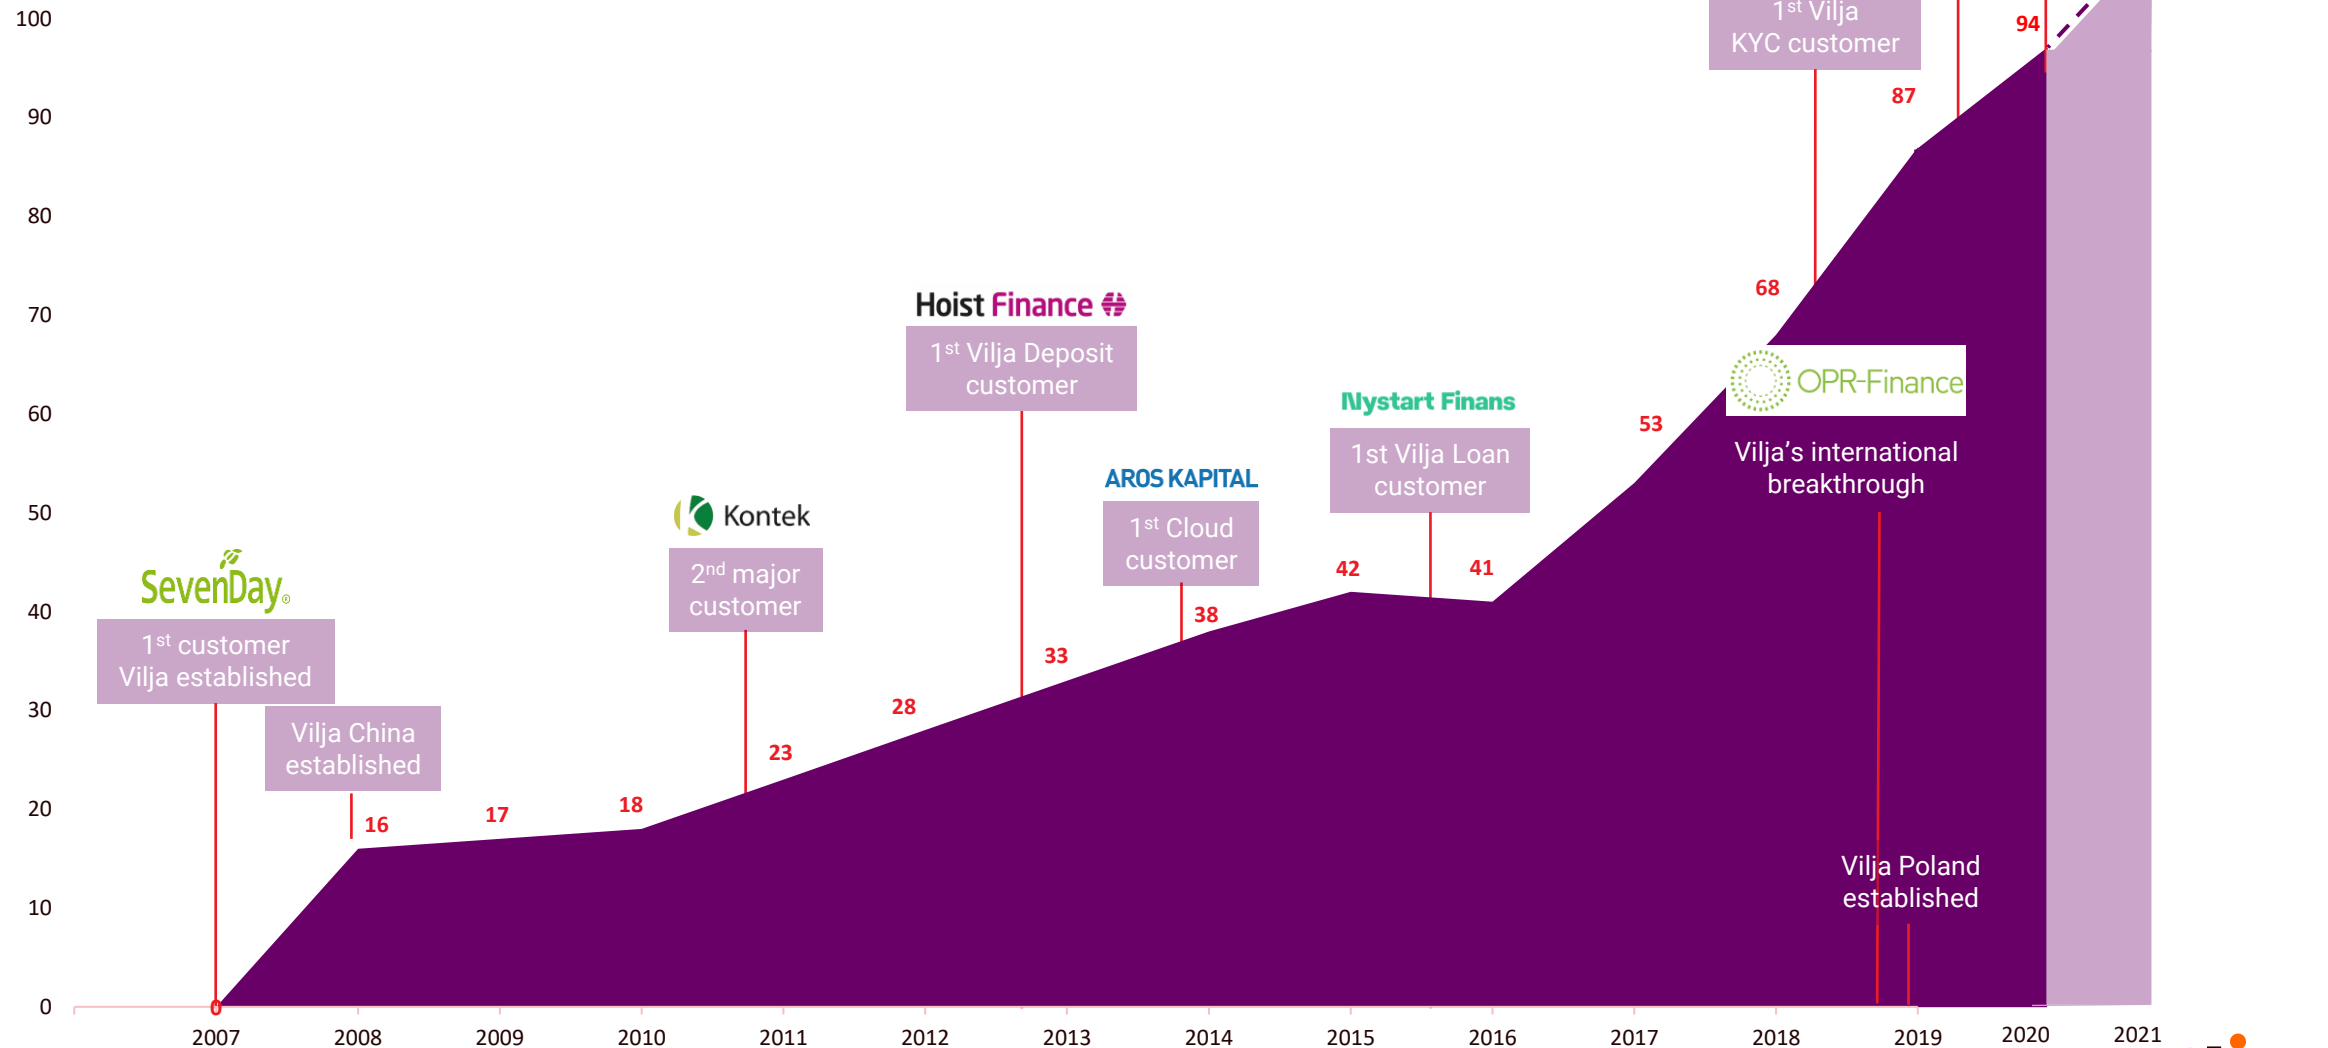

- Leading cloud-based Core Banking Platform
- Swedish FinTech company founded in 2007
- 100+ employees worldwide
- 35% YoY growth since 2016
- Offices in Sweden, Poland and China
- Awarded DI Gasell 2020

# Our Vision

**“Help our customers build the bank they want to be by offering the best core banking technology”**

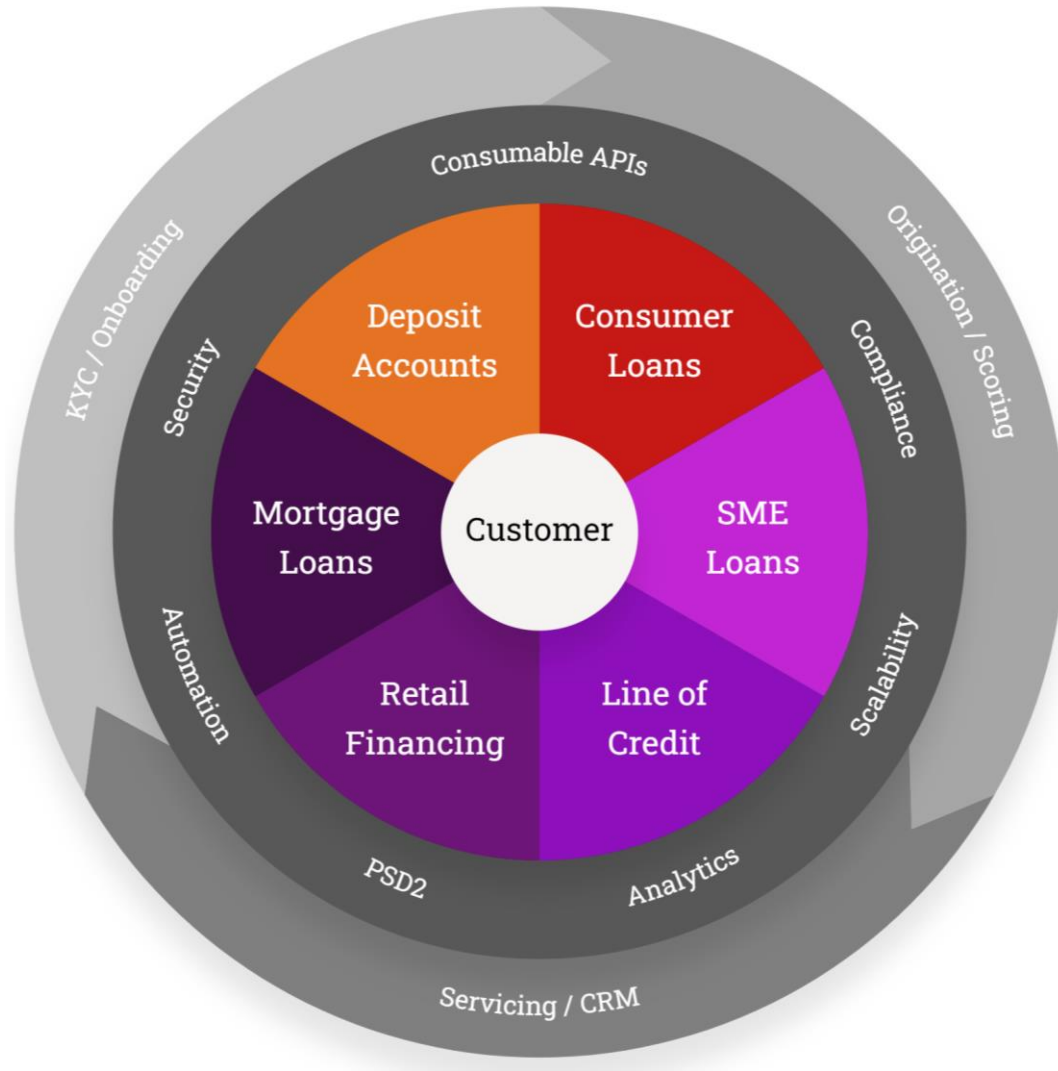

# Vilja Major Milestones

# Our solution portfolio

# Vilja Platform

## Key Benefits

**Beat Competition**  
market-ready solutions to configure without need for development

**Scale Dynamically**  
our Kubernetes-based services are quick to deploy and infrastructure agnostic

**Streamlined Operations**  
user-centric design supported by experts with excellent domain knowledge

**Modular Design**  
build solutions using only the components you need

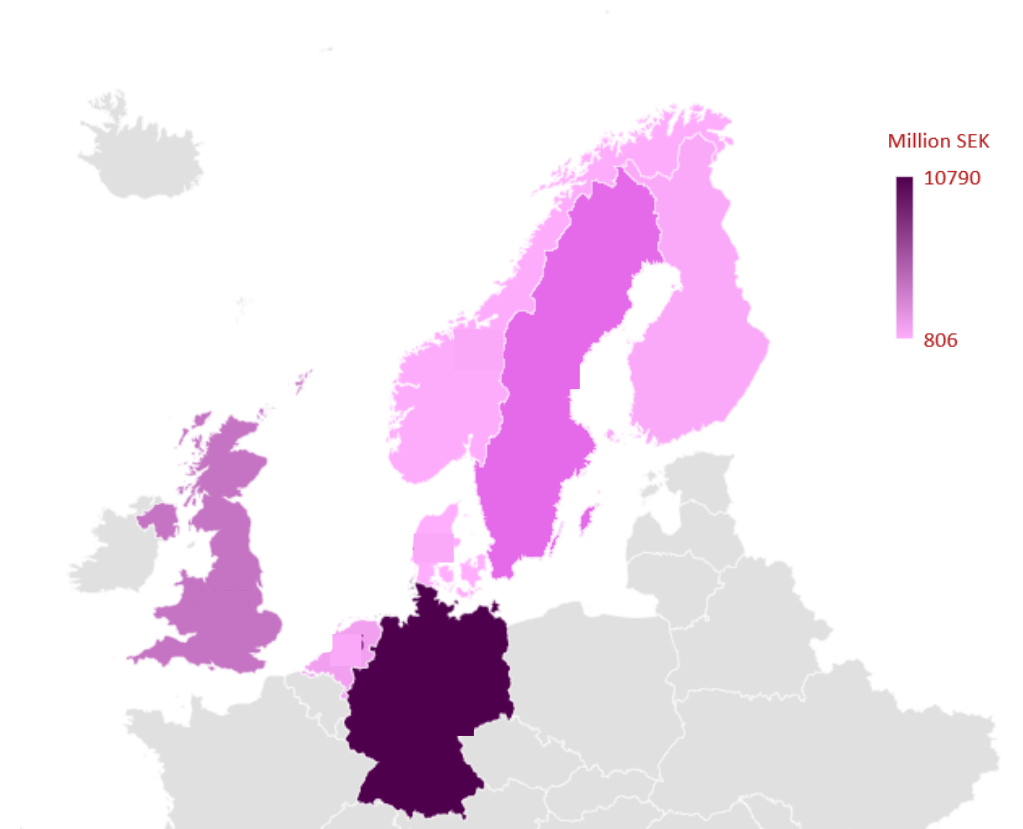

**Low start-Up Investment**  
Use a “pay-as-you-grow” operational model both for new products and markets

**Serve Your Customers**  
with consistent support and features through every channel

# Why Germany?

- Natural next step
- A huge lending market
- Unique offering
- Great timing

What bank will you build?
